

English

We are continuing our “Drawing Club” journey that we started in EYFS. Each week we will look at the characters and settings in a new book, tale or animation and bringing them to life by writing our magic codes. By the end of each week, we will be off on our adventure time and using our imaginations to bring our own magic to the stories. We will cover all sorts – from Jack and the Beanstalk to old cartoons like Bertha!

Maths

We are following the White Rose Mastery Maths structure. This term we will be looking at place value in numbers up to 10 and addition and subtraction to 10.

Please remember to access Numbots at home each week. If anyone has forgotten their log in details, we’ll be sticking them in the front of reading diaries by the end of next week as a reminder.

PSHE

Our Jigsaw topic this term will be called “Being Me”. The children will be meeting “Jigsaw Jack” in their lesson with Mrs Ellis on a Tuesday afternoon.

Art

We will soon be busy artists, working on our line drawings and trying some observational work in our sketch books as we complete our unit called “Make Your Mark”!

Y1 Autumn Term 1 Where Do I Live?

Important Information

We know that getting changed for PE at school is a little bit of a worry for some children. Please be reassured that although we will be encouraging independence, we will be on hand to help if needed – especially with those tricky top buttons! Our PE day is Thursday.

Please remember to label all clothing etc to allow us to reunite you with lost property quickly.

Do please keep an eye on Class Dojo as we will communicate any changes/updates on here.

Mrs Kelly &
The Year One Team

Science

This term we will be learning about plants and trees. We will use the change in seasons to see which trees are evergreen and which are deciduous.

We will be working scientifically – asking ourselves simple questions and seeing how they can be answered.

RE

In RE we are thinking about the question “who is a Christian and what do they believe?”

Computing

We will be learning about the technology that exists all around us in our computing lessons this half term.

Topic

Our enquiry this term is based around the question “where do I live?” We will be learning about where our school is in the world and what is near here. We will then try our hand at making a map of the main features of our school!

Optional Homework Menu

Autumn Term Learning 2025/26

Design a bookmark.	Build a den either outside or using sheets inside. Upload a photo to ClassDojo	Play a family board game, who was the winner?
Teach a family member how to whistle.	Learn how to change and make your bed.	Learn how to count to 10 or 20 in a different language.
Make playdough and add peppermint essence.	Bake your favourite biscuits.	Create a leaf art picture.
Go for an autumn walk with your family. How many different coloured leaves can you find?	Use tissue paper to make some lovely art for your window and watch as the sun shines on them.	Song challenge – Learn a new song

Each term the whole school will be set optional tasks to earn additional dojo points. Each task is worth 1 class dojo point and you have a term to complete them if you wish. Dojo points will be added when a photo/video of the completed task is uploaded onto the dojo portfolio. These tasks are optional and are intended to be fun; you can do as many or as little of these as you wish.
